Welcome to **Equals FX**

Foreign exchange is, and always has been at the heart of what we do. With a customer base of over a million users, we move upwards of £2.9bn around the world each year - with no hidden fees and at fairer rates than the high street banks.

We have a team of dedicated, expert dealers on-hand to ensure that your money, no matter where it's being sent, goes further. No hiding behind screens, no secret charges and no poor rates - just real, human support for making better international payments.

How can we help your business?

Make your international payments with the help of our expert team and utilise the most appropriate payment solution at the best rate possible. All our transfers are simple, secure and fast. Whether it's currency for immediate delivery (spot contracts) or complex hedging solutions, we'll help your business maximise every currency payment.

Dedicated service

You'll have your own expert account manager who will be on hand for any transactions and to ensure you always get the best rate available.

Competitive exchange

Highly competitive exchange rates from our pool of liquidity providers.

Fast payments

We aim to send payments within an hour of receiving funds so we can deliver your currency into your beneficiary's account at the earliest opportunity.

Forward contract

We'll allow you to fix an exchange rate for a future date, protecting against any negative market movement.

Limit orders

Agree a target exchange rate with your account manager and they'll process your transaction as soon as the rate is achieved.

Regular payments

You have the choice of Monthly Variable or Monthly Fixed payments, simply let us know what and when to send. We'll take care of the rest.

Rate watch

Your account manager will monitor market rates and will inform you if your desired rate becomes available.

Market report

Receive daily email updates from our Chief Economist with key information on any market movements that may have an impact on the value of your currency payments.

Making your payments couldn't be simpler

1. Register

to open your free company account.

2. Confirm

the currency and amount, and we'll give you our best rate.

3. Send

us your funds and we'll make the payment to your selected beneficiary.

FAQs

What is the fee for using the Equals FX service?

There's no service charge and there are no hidden fees when using the service. That means you can make your business payments at fairer rates without any set-up fees or additional on-going charges.

What makes Equals FX better than my bank?

We are a specialist foreign exchange and payments company – therefore you will receive a more tailored and personal approach compared with what your banks offers. Timing is a critical factor when it comes to moving money and the experienced team will help you make informed decisions.

Is my money secure with Equals FX?

All client funds are safeguarded using segregated client accounts to ensure your money is never compromised. The only function of these accounts is to hold your funds for transactional purposes. We are also regulated by both the FCA and HMRC.

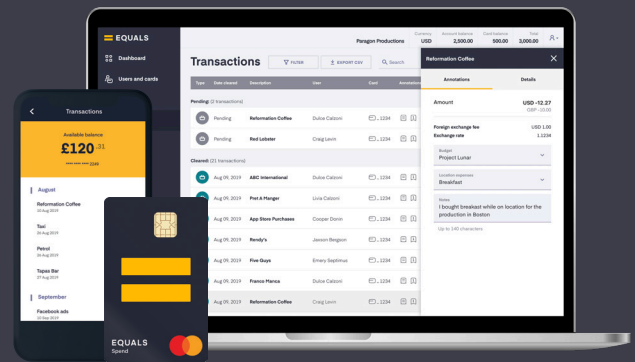

Where can I send my money?

We have local settlement and clearance capabilities to make payments in over 90 currencies. There is an extensive global network we can send money to. If you have any questions about a specific currency feel free to call the team on: **020 7778 9350**

How else can we help?

Equals Spend

Our spend management platform helps businesses take control of their spending. It combines **prepaid cards** and a **mobile app** for teams when they're spending with work, and a real-time **web platform** for businesses to manage what gets spent.

Trusted by

"As the UK's Olympic body for Taekwondo, we often send money abroad for tours and competitions and Equals has looked after us from day one. We get great rates through their dealing service and have a dedicated dealer who helps us choose the right payment options to meet our needs. Great value and service all round."
